OFFICE OF PETITIONS

PETITION UNDER 37 CFR § 1.182

Commissioner for Patents
Washington, D.C. 20231

Attn: PCT Legal Office

Sir:

The applicants hereby request that the two attached sheets of drawing figures be included with the specification of this U.S. national stage application. The applicants believe that these drawing figures should be incorporated into the application as though filed with the original specification on June 30, 1999. A copy of International Application No. PCT/AU98/00902, from which this application claims priority, included these drawing figures and was received by the U.S. Patent and Trademark Office from the International Bureau by the time this application was filed. Since this application claims the priority of an international application that was included with this application at the time of filing, and the international application included both of the attached sheets of drawings, no new matter is being added.
